Student Life

Music is a world within itself
With a language we all understand
With an equal opportunity for all
To sing, dance and clap their hands
Music knows it is and always will
Be one of the things that life just won't quit.

When you remember me
If you remember me
I hope you see it's not the way I want it to
Cause not just while I'm with you now
But wherever you may go
My love goes with you.

It seems like yesterday
The first time I met you all
And now here we are
having to say goodbye
We've had our quarrels—sure
But through the ups and downs
We always seemed to come around
And Wind up closer than before.

So just sit back and remember
all those good times together
and try hard to fight back the tears
Tho we have to part
If we keep these mem'res in our hearts
We'll still be close after all the coming year-
And if we never meet again
At least I know that once you were my friend

When the night has been too lonely
And the road has been too long
And you think that love is only
For the lucky and the strong
Just remember, in the winter far beneath
The bitter snow; Lies the seed
That with the sun's love
In the spring becomes the rose . . .

Twoallbeefpattiesspecialsaucelettuce-cheesepicklesonionsonasesameseedbun™

You just read the recipe for McDonald's® Big Mac™ sandwich.

It starts with beef, of course.

Two lean 100% pure domestic beef patties, including chuck, round and sirloin.

Then there's McDonald's special sauce, the unique blend of mayonnaise, herbs, spices and sweet pickle relish. Next come the fresh lettuce, golden cheese, dill pickles and chopped onion.

And last, but far from least, a freshly toasted, sesame seed bun.

All these good things add up to the one and only taste of a great Big Mac.

Jan,

I'm gonna have to squeez this in, because there's just not that much room! Like you said we've been friends for 5 years now & every day of those fine years has brought us closer together. It's funny how we can see each other for almost every day in a row in fine years time & still we haven't had a fight yet. I hope I can always say that, and, I think I will be able to, because I can't think of anything in the world that could destroy the friendship we have. Dear, I don't know what I could have done without you ~~then~~ all this time, because you've helped me through some of my bad times & you know I've had a few! Especially with the boys! If anyone knows that I'm an incurable romantic, you know! Oh well-someday I'll find my knight in shinning armor & you'll be right there with me, I hope things work out for you & Ronnie because I know he makes you happy & you make ~~him~~ him happy-I know, I can tell! He's really good to you too, & you just don't know how lucky you are to have him.

We'll be graduating next year, & who knows where we'll be. I just want you to know that no matter where I am I'll remember you-who could forget their own sister? Listen-I owe a lot to you, too. Don't think you haven't done things for me! When I'm down you always have some-way to brighten the day. And please-turn to page 189 for just a moment! Tee Hee!
